Greetings!

Even though formal legislative sessions have ended, House Bill 135: An Act providing housing and support services to unaccompanied homeless youth, still is alive-- thanks to all of your amazing advocacy! We will be working throughout September and into the fall to pass the bill before the 2013-2014 officially ends on December 31st.

As you may recall, the bill still is awaiting action by the House of Representatives Committee on Ways and Means. Before the end of formal sessions on July 31st, we could feel the build up of momentum in support of the bill, and now we need to increase the support even more to get the bill across the finish line.

In order to show legislators that there is widespread support for youth-focused housing and services for young people age 24 and under who are experiencing homelessness outside the custody and care of a parent or guardian, we are launching a photo action. We have been sharing the faces and stories of youth who are experiencing homelessness with legislators each week, and now we want them to see the faces of the campaign's supporters, too-- that is, your beautiful face!

Thank you for your solidarity!
